10.15 In the event that any provision of this Agreement is prohibited by any law governing its construction, performance or enforcement, such provision shall be ineffective to the extent of such prohibition without invalidating thereby any of the remaining provisions of the Agreement.

10.16 This Agreement may be executed in one or more counterparts, each of which will be deemed an original, but all of which together will constitute one and the same instrument.

10.17 This Agreement, including its Appendices, sets forth the entire agreement between the Parties relating to the subject matter herein, and supersedes and replaces all prior or contemporaneous agreements, discussions and understandings, written or oral, with respect to such subject matter. The terms and conditions of this Agreement may not be modified, or amended except in writing which states that it is such a modification, and is signed by an authorized representative of each Party hereto.
